Recommendation: "DTR adopt for headquarters administrative

and career planning purposes a designation of [REDACTED]  
that adequately reflects the scope and purpose of this intelligence training center."

25X1A2g

25X1A

[REDACTED] the [REDACTED] was established as  
a secure training base for the Clandestine Services and for only such  
other training and covert support activities wherein cover and security  
do not interfere with the primary, Clandestine Services training mission.

It should be noted that, with the necessary compartmentation, effective training support has in fact been rendered to other, USIB agencies particularly to the Military.

It should be further noted that the expanded JOT Program and other  
25X1A2g  
training activities already forecast will call for CIA use of [REDACTED]  
at or near capacity. This will continue to be so even after completion  
of the [REDACTED]

Ignoring operational and security factors, any significant, additional  
use of this facility would call for new outlays for physical plant as well  
as for an increased personnel complement.

I, therefore, must recommend against further consideration of the  
25X1A2g  
use of [REDACTED] as a general training center for USIB intelligence personnel.
